

Thompson Mk6 Bandsaw

The Mk 6 is an excellent heavy-duty saw.

Easily noticeable by the lifting table (Which makes this saw much easier to fit through smaller door ways and clean) the saw's 4KW motor means you can cut through frozen or fresh meat with no concern.

The perfect saw for industrial applications and settings requiring a robust and accurate saw.

Specifications:
Height- 1950mm
Table size: 890x930mm
Cutting height: 440mm
Cutting width: 400mm
